- Metal housing;
- With VGA, DVI (optional), Composite input and loop through output;
- Multi-Format compatibility;
- Easy-to-navigate on-screen menus with 5 button control (<, >, MENU, -, +);
- Adjustable color temperature in VGA & DVI (optional) mode;
- Image Flip (Up / Down / Left / Right);
- Aspect ratio settings among 15:9(full screen), 16:9 and 4:3;

Safety Instructions

- Rough handling of product may cause physical damage or malfunction.
- Never insert anything metallic into the monitor openings provided for ventilation to avoid electric shock. Please do not block any openings.
- Put your monitor in a location with low humidity and a minimum of dust.
- Place the monitor on a solid surface and treat it carefully. The screen is made of glass and can be damaged if dropped or sharply hit.
- Unplug the monitor power before you connect external devices to the monitor.
- If your monitor does not operate normally, or if there are any smells coming from it, unplug it immediately and contact us.
- Do not attempt to disassemble the monitor. Doing so voids warranty.
- Clean the screen with a high quality microfiber cloth only. Never spray the screen directly with any sort of cleaning fluid.
- Dust the unit with a soft, damp cloth. Dry or abrasive cloths may cause electrostatic charge on the surface, attracting dust particles.
- Please unplug the power if long-term no-use, or thunder weather.

Installation & Initial Setup

❖ Unpacking

Carefully unpack the monitor and verify that the following items are included:

- **Monitor**
- **12V Power Supply**
- **Power Supply Cable Clamp**
- **User Manual**

1

2

3

Inspect the unit for any physical damage that may have occurred during shipping. Should there be any damage, please immediately call us.

Contrast	500:1
Viewing Angle	140°/ 120°(H/V)
Input / Output Signal	Video, VGA (PC), DVI(optional)

Dual 7" 3RU Rack Mount Monitor

Power Consumption	1.3 Amp (Max) @ 12VDC (15.6W Max)
Input Voltage	DC6-24V
Operating Temperature	-20°~ 60°C
Storage Temperature	-30°~ 70°C
Size(LWD)	482.5×133.5×25.3mm
Weight	2560g

Trouble Shooting

1. Only black-and-white display:

Check whether the color saturation is properly setup.

2. Power on but no pictures:

Check whether the cables of Video, VGA (PC) and DVI are correctly connected and make sure the related signal mode is open. Beside, please make sure the signal format is supported by the monitor. Please use the standard power adapter coming with the product package. Improper power input may damage the device.

3. Wrong or abnormal colors:

Check whether the cables are correctly and properly connected. Broken or loose pins of the cables may cause a bad connection.

4. Any abnormal matters happen:

In this situation, please enter the menu and choose  to restore factory settings.

Warranty

We are warranties to the first consumer that this monitor will be free from defects in workmanship and materials under normal use, when received in its original container, for a period of one year from the date of delivery. Misuse, abnormal handling, alterations or modifications in design or construction void this warranty.

Due to constant effort to improve products and product features, specifications may change without notice.
