Delvcam - Feature Rich at an Affordable Price!

The DELV-DUALFPV-7PL monitor features a 1280 x 800 resolution and 178° wide viewing angles on an IPS panel creating clear and bright images. The dual antennas receive two different video signal channels and can overlay the signals directly on the monitor.

The built-in 2600mAh battery provides 3 to 4 hours of power and includes a battery charge level indicator. With a 178° viewing angle, you see the same vivid picture from wherever you are standing. Its unique no-blue-screen function assures your monitor will never go blue if the signal gets weak.
