Delvcam - Feature Rich at an Affordable Price!

The DELV-MLCD25L is a 2.5" LED backlit LCD with excellent color and picture quality in a small package and comes with a wrist mount strap for easy viewing and a wire bracket for desktop viewing. Its versatility and utility is endless and it is affordable.

With a resolution of 480x234, this LCD is ideal as a camera top or DSLR monitor. A real asset for video service techs, it can be used for signal confirmation in CCTV and security jobs. It is also perfect for debugging patch fields and wire harnesses.

The built-in, rechargeable lithium ion battery is flush to the back of the unit and a 5VDC 110/220 universal charger wall pack is included. Designed to operate at a low current consumption, the LCD will operate for one hour on battery.
