Delvcam - Feature Rich at an Affordable Price!

The DELV-SDI-7 7" is a fully multifunction field monitor with 3G-SDI, HDMI, YPbPr and component video inputs. No matter which camera or AV equipment you use, there is a video input to suit all applications. It is easily mounted on a tripod or camera rig.

This monitor includes an HDMI-output feature which allows for duplicating the video content onto a second monitor - no annoying HDMI splitters required. The second monitor can be any size and the picture quality will not be affected. It offers customizable function buttons and comes with a foldable sunshade and DC adapter.

PLEASE NOTE: HDCP-encrypted HDMI signals are not supported.
