### Delvcam - Feature Rich at an Affordable Price!

The DELV-WHDI-7 wireless monitor makes it easier to monitor your HDMI outputs when shooting video with DSLRs and camcorders! You can safely monitor HD video (up to 1080p/60fps) from 30 meters away without running cables across your set or on location.

The DELV-WHDI-7 is faster to setup and break down between shots and is optimized for DSLR & full HD camcorders. The 7" high contrast monitor features WHDI, HDMI, YPbPr, component video, peaking functions, focus assistance, and a sun hood. If speed and safety are a priority, this feature-packed field monitor is for you!
